The Secretary will from time to time make payments to the grantee of all or a portion of any grant award, either by way of reimbursement for expenses incurred in the budget period, or in advance for expenses to be incurred, to the extent he or she determines these payments necessary to promote prompt initiation and advancement of the approved project.

§ 57.2508 Expenditure of grant funds.

(a) Any funds granted under this subpart as well as other funds to be used in performance of the approved project shall be expended solely for carrying out the approved project in accordance with section 821 of the Act, the regulations of this subpart, the terms and conditions of the award, except that funds shall not be expended for sectarian instruction or for any religious purpose.

(b) Any balance of federally obligated grant funds remaining unobligated by the grantee at the end of a budget period may be carried forward provided specific approval is granted by the Secretary. If at any time during a budget period it becomes apparent to the Secretary that the amount of Federal funds awarded and available to the grantee for that period, including any unobligated balance carried forward from prior periods, exceeds the grantee's needs for the period, the Secretary may adjust the amounts awarded by withdrawing the excess. A budget period is an interval of time (usually 12 months) into which the project period is divided for funding and reporting purposes.
